Subject: Customer Information – Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR)

Dear Customer,

Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR) entered into force on 12 August 2026, with the objective of reducing the environmental impact of packaging by establishing requirements applicable to its entire life cycle, including design, production, and waste management.

In its capacity as a producer of packaging under the PPWR, Vossloh-Schwabe Deutschland acknowledges and complies with all applicable requirements of the Regulation. To the best of our knowledge, and based on the information provided by our suppliers, the packaging used for our products is manufactured in accordance with all relevant PPWR requirements.

In line with the requirements of the Regulation, we maintain the corresponding documentation and conformity confirmations internally, and these will be made available for inspection by the competent authorities upon request. Please note, however, that the PPWR does not require us to share such detailed documentation with our customers, and we are therefore unable to provide it.

This Conformity Declaration applies exclusively to the packaging of products supplied by Vossloh-Schwabe Deutschland.

Sincerely,

Dirk Bantel
Managing Director
Vossloh-Schwabe Deutschland GmbH

Roberto Nocchieri
General Manager Supply Chain
Vossloh-Schwabe Deutschland GmbH
