

# INVITATION

FEBRUARY '20

Visit us at **Panasonic Stand 6H58**

With around 2,300 exhibitors from more than 60 countries and trade visitors tipped to top 114,000 people, the **Euroshop** – which runs in Düsseldorf from **16.02. to 20.02.2020** – is the trade fair for trends in the retail sector.

## And we're again represented at this year's fair!

You are cordially invited to discover the latest developments and trends in the field of light management, Blu2Light and our vast range of track adapters – standard and in-track, with and without Blu2Light.

Our practically invisible In-Track Adapters Pro are completely hidden within the track rail. And that gives you unparalleled freedom when it comes to designing your luminaires. In combination with the Blu2Light function, you'll be all set to revolutionise the lighting market.

Come and test the efficiency of VS systems for yourself and watch a live demonstration of how easy it is to set up and operate a lighting system with Blu2Light.

Come and see us at the **Panasonic stand H58** in **Hall 6**.

Read more about the fair [here](#).

We look forward to your visit.

Yours **VS Sales Team**
